

Joint Tree Plantation Program Report

Venue: Pushkarini Paropakar Gokuldharm, Pokhara-14

Date: 31 July 2026

The eleven Rotary Clubs of Pokhara jointly organized a tree plantation program at Pushkarini Paropakar Gokuldharm, Pokhara-14. The Rotary Club of Pokhara Fishtail participated enthusiastically with the active involvement of its members, Past Presidents, District Officers, and other club leaders.

As part of the club's environmental conservation initiative, Rotary Club of Pokhara Fishtail planted 50 saplings during the previous week's activity and an additional 100 saplings on 31 July 2026, making a total of 150 saplings planted.

The program reflected Rotary's commitment to environmental sustainability, community service, and the Rotary International theme "Create Lasting Impact". The active participation of club members made the event successful and demonstrated the club's dedication to protecting the environment for future generations.
